Clinical and Metabolic Geneticist
University Health Network / Mount Sinai Hospital
Department of Internal Medicine
Toronto, Ontario

The Fred A. Litwin Family Centre in Genetic Medicine at UHN / MSH, an adult genetics clinic affiliated with the Department of Internal Medicine, invites applications for a clinical and metabolic geneticist to cover a one year maternity leave locum. The clinic currently has two full time geneticists, two part time geneticists, four genetic counsellors, one dietician, one social worker as well as research and administrative staff. The successful candidate would be expected to see a variety of clinical genetics cases including neurogenetics, syndromes NYD, cardiogenetics, connective tissue disease, amongst other indications, as well as genetic metabolic cases (small molecule diseases, mitochondrial diseases, lysosomal storage diseases, etc...). Participation in the on call schedule will be expected. Ideally, the successful candidate would be available to commence the position in January 2017.

As a full-time member of the Department of Internal Medicine, and training site for Adult Genetics for the Medical Genetics programme at the Hospital for Sick Children, the successful applicant must demonstrate a strong aptitude for teaching, including formal lectures and clinical supervision of trainees. Applicants should also demonstrate the ability to function in a multi-disciplinary setting.

The successful applicant must be Royal College of Physicians and Surgeons of Canada certified, and eligible for licensure with the College of Physicians and Surgeons of Ontario. A fellowship in Biochemical Genetics with the Canadian College of Medical Geneticists is an asset but not a requirement.

All qualified candidates are encouraged to apply however in accordance with Canadian immigration requirements, Canadian citizens and permanent residents will be given priority.

We will accept applications from October 3rd 2016 until the position is filled. Please address the letters of application along with a curriculum vitae and names with contact information for three referees, to:
